

**This is NCMA!**

**Professionalism and  
Understanding in Contracting-**

## Mission

- Our mission is to advance the people and practices of contract management.
- Our vision is that contract management is recognized as an essential core organizational competency, mastery of which is required for all organizations to succeed; and that contract management is a business profession, with a recognized body of knowledge, educational programs leading to undergraduate and graduate degrees with contract management emphasis, career progression, and widely adopted performance and practice standards.

## Credentials

“Demonstrating professional mastery.”
